**About MADI:** MADI is an Africa think tank that has been created by Africans to find African solutions to African challenges. Its core objective is to de-risk Africa’s mineral resource sector in order to attract responsible and ethical investments that will contribute to Africa’s inclusive growth and sustainable development as envisioned by the Agenda 2063 and ensure that there are mutual social and economic benefits accruing equitably to all key stakeholders (public, private and communities) while protecting the environment. MADI focuses on building capacities, research for policy guidance and promoting knowledge-based African solutions for mineral resources development, building upon best international practices.
